BSc (Engineering) Students Batch 2k5
Dept. of Computer Science and Engineering
Khulna University of Engineering & Technology
kuetcse2k5@gmail.com
<http://kuetcse2k5.googlepages.com/>

Khulna University of Engineering & Technology, **KUET**, is a prominent engineering university of Bangladesh. Each year, 480 students get admitted in this university for B.Sc. (Engineering) degree in six academic departments. It offers post-graduate degrees in many engineering and non-engineering subjects as well. KUET has three faculties and six degree-awarding departments.

Amongst the six departments of KUET, Department of Computer Science and Engineering (**CSE**) is an active and academically sound department. This department has a faculty of both experienced and young teachers, who cover a variety of research interests. Under the guidance of these teachers, students at this department are learning modern and contemporary art of computer industry. They are also publishing international thesis and working on many innovative student projects.

The batch that got admitted in this department for B.Sc. Engineering in the academic session 2005-06 is known as 'KUET CSE 2k5' batch. This batch is a very active and eventful one. KUET CSE 2k5 has many achievements in co-curricular and extracurricular activities.

Rag

Traditionally a rag day is celebrated on the very last day of our academic class.

This year we are going to arrange this on the end of Dec '09.

In this event, students will wear special T-shirt, colorfully decorate the campus and enjoy day long activities. Banners and festoons will cover many places and attract people.

An official farewell will also take place and the background of this event is pretty important.

Concert

To rock the campus and people from around, a stunning open air concert is going to be arranged beside the rag day. Attractive banners, festoons and posters will advertise this event.

Study-tour

To know about our land and experience the industry, final year students along with teachers are going to join a country-wide study tour. In our technical tour we will start from Khulna, and visit Dhaka, Chittagong and Sylhet. We will visit telecom, media and other renowned companies. The tour will also cover national places and tourist spots like Cox's Bazar, St Martin's Island, Zafflong, Sundarbans, Kaptai etc.

Souvenir

A souvenir to hold the memory of our batch (KUET CSE 2k5) and these events will be published in printed, web and electronic format. Advertisement can be placed on this to commemorate the sponsors of our special events.

T-shirt

Three t-shirts, one for students of KUET and others (1000+ pieces), one for the Rag-day (300 pieces) and one for the study tour (80+ pieces) will be made.

Sponsors may ask for more t-shirts or bandanas with finance.

Sponsorship scopes

Three **events** will be arranged,

- ❖ Rag
- ❖ Study Tour
- ❖ Concert

On each event there are several scopes, including:

- | | | |
|----------|----------|-----------|
| ▪ Banner | ▪ Poster | ▪ Festoon |
|----------|----------|-----------|

Each of three types of **t-shirt** has the scope for advertisement in following positions:

- ✓ Front ✓ Back ✓ Right Sleeve ✓ Left Sleeve

In the most popular event **Concert**, advertisements can be put on,

Background banner	Poster
Festoon	Bandana/ kerchief

We will hire a **bus** containing a **banner** and colorful **festoon**. It will be a good chance for you to put your advertisement there that will visit all over Bangladesh.

We will publish a **souvenir**. You can put your advertisement at the souvenir's following scope:

- | | |
|-----------|---------------------|
| Back page | Inside the souvenir |
|-----------|---------------------|

Beside these, we also welcome any proposal on sponsorship from you.
NB: Company's leaflets and brochures can be distributed in any event

Co curricular activities

- We host national and international seminars, conferences and workshops over the year. We were the host of ICCIT 2008
- Dept of CSE participates in many Project shows, e.g. BASIS Soft Expo, Several IT fairs and Talent hunts
- Our students participate in national programming contests and we host internal contests regularly
- Our department arranges workshops on technologies, career building and conduct many training programs throughout the year

Extracurricular activities

- Every year we arrange stunning cultural functions for fresher's receptions, farewells
- Concerts are arranged to rock the campus on several events
- Games and sports tournaments are regular event in the campus
- Cyber games competitions often bring another dimension to our campus life

Achievements

Students and graduates of this KUET CSE work in several fields and serve the humanity in many ways. Many students and graduates have national and international publications. Student projects on Bengali Computing, Games, Intelligence, Robotics, Mobile and other fields are well recognized.
